Advertisements that are prohibited by laws on cosmetic products and other relevant laws

Since advertisements are subject to different interpretations depending on their content, they cannot be used as an absolute criterion.

1. Indications or advertisements that may cause the product to be misunderstood as a medical product
2. Content that may cause the product to be misunderstood as a functional cosmetic product or an organic cosmetic product
3. Content that differs from or goes beyond a review of the stability or effectiveness of a functional cosmetic product
4. Content that may cause a foreign product to be misunderstood as a domestic product
5. Content that may deceive consumers or cause misunderstanding or confusion
6. Indications or advertisements that differ from or are an exaggeration of facts, as well as those that compare or slander products from other companies
7. Content that illegally uses or may be misunderstood as a foreign trademark
8. Absolute expressions such as “best” or “highest” and comparisons with competitor products are prohibited
9. Content regarding quality or effects that cannot be objectively verified
10. Expressions regarding cosmetic products containing the processed goods of an internationally extinct or endangered species

For official information on Atomy products, please refer to the features, details, or descriptions of each product at www.atomy.kr.

This presentation is intended for Atomy contractors and should not be passed on to consumers. Filming or recording of training materials is prohibited.

APPENDIX

Effective ingredients

Houttuynia cordata extract

Contains anti-bacterial, anti-inflammatory, and antibiotic agents that are effective against dermatitis and acne

✓ 10 medicines against 10 illnesses (十薬)

- This plant grows in the place farthest away from where the atomic bomb exploded in Japan and is known in Japan as a mysterious herb that detoxifies radiation.
- **Houttuynia cordata extract is antibacterial, relieves atopy, contains antiphlogistic and anti-inflammatory agents that are effective against dermatitis, skin diseases, and acne.**

Centella asiatica extract

Base ingredient of Madecassol ointment that helps heal wounds and regenerates skin

✓ A plant tigers use to rub their bodies against to heal wounds

- This plant is called the “tiger grass cream” in India, aptly named after a tiger was spotted rubbing itself on the lush grass to heal its wound.
- The Asiatic pennywort, widely known as the main ingredient of Madecassol ointment, helps **reduce inflammation and reverse the generation of dead skin cells**. The saponin increases the collagen composition to help heal wounds and regenerate skin.

Effective ingredients

Basil extract

Antibacterial and anti-inflammatory agents help soothe skin and give skin elasticity and vitality

✓ The lord of all herbs, basil

- Known as the “lord of all herbs,” it has been widely used in food, medicine, and cosmetics. Its antibacterial and anti-inflammatory agents with clean herbal scent **help soothe skin and recover from skin irritation and wounds.**

Marshmallow

Effective for skin turnover and treating skin diseases and skin irritation

✓ An herb whose name originates from an ancient word meaning "to heal"

- **The mucilage substance that is abundant in the root softens dead skin cells to relieve skin turnover, skin irritation, and helps treat skin diseases.**

Effective ingredients

Chamomile

Effective for soothing skin, preventing freckles, blemishes, and wrinkles, and improving skin elasticity

✓ Known as the “medicinal plant of the moon,” it helps calm the mind and refresh skin

- It contains active ingredients such as azulene and alpha-bisabolol. It provides anti-inflammatory and anti-allergic effects to relieve symptoms of dry and itchy skin, prevent skin aging such as freckles, blemishes, and wrinkles and helps increase scalp health and skin elasticity.

Fennel

Rich in calcium, iron, magnesium, and vitamin C, K, and E to help soothe skin and fight fatigue

✓ Herb that appears in the Greek and Roman Mythology – Fennel

- Fennel is rich in calcium, iron, magnesium, and vitamin K, E, and C to relieve fatigue and alleviate stress.
- Contains ‘anethole,’ a substance that has an effective anti-inflammatory function, according to research by the University of Texas MD Anderson Cancer Center.
