Cleaner laundry with enhanced convenience

For everyone! Anytime, anywhere!
Save time and make laundry a breeze
with Atomy Sheet Laundry Detergent

- 1 For anyone who wants cleaner laundry and wants to keep the laundry room tidy and organized
- 2 For single households or anyone who wants an easier way to do laundry
- 3 For anyone who has been buying expensive detergent or lugging heavy detergent bottles to the laundromat
- 4 For anyone who can't be bothered with using a separate detergent, fabric softener, and bleaching agent

Always read before using!

Do not put the sheet into the detergent slot. Place the sheet directly on top of the laundry.

When using a
washing machine

When hand washing

- ✓ When using a front load washing machine, the sheet may occasionally stick to the door. Make sure to place the sheet on top or in the middle of the load before starting the washing machine.
- ✓ Don't be alarmed if the detergent gets soggy, as this has no impact on the quality or safety of the product.

Directions

atom美
ATOMY

When using a washing machine

- 1 Add laundry
- 2 Place Atomy Sheet Laundry Detergent on top of the laundry.
- 3 Start the washing machine.

When hand washing

- 1 Put water into the laundry tub.
- 2 Place Atomy Sheet Laundry Detergent in the laundry tub filled with water and leave it to dissolve.
- 3 Put laundry in the laundry tub and hand wash.

Recommended Use

Washing Machine Type

Laundry Weight

Laundry Load

Sheet

Washing Machine Type	Laundry Weight	Laundry Load	Sheet
Standard and HE machines	3 kg or less	8–10 garments	1/2 sheet
	7 kg or less	10–22 garments	1 sheet
	10 kg or less	22 garments or more	1.5 sheets

- ✓ For extra-soiled laundry, use 0.5 to 1 sheet in addition to the standard usage volume.
- ✓ The detergent has a neutral pH and anti-static feature, so there is no need to add fabric softener.
